North Carolina Chapter

SPONSORSHIP PACKET
For Potential Chapter Sponsors
The North Carolina Chapter is a not-for-profit, 501(c)(6) organization chartered December 13th, 1955 for the purpose of carrying out the objectives of the Society in its geographical area. Our area is defined in our Bylaws and covers the eastern half of North Carolina, from the Triangle to the coast. We are a chapter with over 450 members and operate in support of you, the member, and our Society as a whole. Located around the seat of our State’s Capitol, our chapter has been very active in Government Affairs over the past couple decades.

Who Are We?

ASSP is a global association for occupational safety and health professionals. The North Carolina Chapter serves to extend ASSP’s mission and interest to communities in the eastern half of the state and around the Triangle.

What Do We Do?

At the local chapter level we provide education, networking opportunities, and a professional community to support the advancement of our members and the safety profession.

Why Does It Matter?

Our members are dedicated to creating safe work environments by preventing workplace fatalities, injuries and illnesses. Sound safety practices are both socially responsible and good business, leading to increased productivity, a better reputation and higher employee satisfaction.
Grow Your Business

Sponsorship provides your company with an excellent way to break into new markets, build relationships, create, maintain and enhance your brand awareness; expand the base of your professional contacts and generate new business leads.

Year Round Exposure

Depending on your sponsorship commitment we provide you with a unique opportunity for consistent, repeated exposure to environmental, health and safety professionals throughout North Carolina and frankly beyond. The North Carolina Chapter is unmatched by its size and member participation.

Engage Members Through our Channels

Safety professionals come to our chapter meetings for education and networking opportunities. Our members are constantly looking for new and innovative tools, equipment, techniques, resources and methods to improve safety at their workplaces. They’re looking for your products and services. We have a wide array of contact channels to reach them including social media, and website management.
Below is the list of events this chapter year. All events listed below are technical meetings in which all members are invited to attend and earn continuing education units. For the full list of all Chapter events, dates, times, locations and other chapter happenings go to nc.asp.org/event.
